

SPM - Software Quality Management

Duration: 15 minutes.

* Indicates required question

1. Email *

2. Your student ID *

3. Your name *

4. Which artifacts should be used to meet business requirements? *

1 point

Mark only one oval.

- ☐ Baselines/standards.
- ☐ Use cases.
- ☐ Unit tests.
- ☐ Test cases.

5. Which artifacts should be used to meet user requirements? *

1 point

Mark only one oval.

- ☐ Baselines/standards.
- ☐ Use cases.
- ☐ Unit tests.
- ☐ Test cases.

6. Which artifacts can be used to meet source code quality requirements? *

1 point

Mark only one oval.

- ☐ Baselines/standards.
- ☐ Use cases.
- ☐ Unit tests.
- ☐ Test cases.

7. What are the main quality management activities? *

2 points

Check all that apply.
