

Web Application Development - Introduction to CSS 01

Duration: 15 minutes.

* Indicates required question

1. Full Name *

2. Student ID *

3. How many property/value pairs can each CSS rule contain? *

1 point

Mark only one oval.

☐

0 or 1

☐

Less than 100

☐

Unlimited

4. A CSS rule has to be defined separately for each selector. *

1 point

Mark only one oval.

☐ True

☐ False

5. A CSS rule can be applied to only one selector at a time. *

1 point

Mark only one oval.

☐ True

☐ False

6. Is a stylesheet a collection of CSS rules? *

1 point

Mark only one oval.

☐ Yes

☐ No

7. Identify valid CSS rules (can be one or more) *

1 point

Check all that apply.

- ☐ p { height: 23px; font-size: 12px; }
- ☐ p { height = 23px; font-size = 12px; }
- ☐ p { height: 23px, font-size = 12px }
- ☐ p { height: 23px; font-size: 12px }
- ☐ p { "height": 23px; "font-size": 12px; }

8. By default, a block-level element tries to take up as much horizontal space as its containing element will allow.

* 1 point

Mark only one oval.

- ☐ True
- ☐ False

9. Why is there more than one font listed in the following CSS rule? body { font-family: "Trebuchet MS", Helvetica, Arial, sans-serif; }

* 1 point

Mark only one oval.

- ☐ They are the preferred fonts for Windows, Mac, Linux, and "Other" systems.
- ☐ They are listed in descending preference order if fonts are not present in the browser
- ☐ This is a syntax error, the rule should start with "font-name"

10. Given HTML: `<body> <div>Hello</div> <span>World!</span></body>` and CSS: `div, span { background-color: blue; }` code. Which of the statement(s) below are true? * 1 point

Check all that apply.

- ☐ The background color behind the words 'Hello' and 'World' is blue.
- ☐ Both backgrounds will span the entire width of the browser window.
- ☐ The div element's background will span the entire width of the browser.
- ☐ The span element's background will span the entire width of the browser.
- ☐ The text "World!" will appear on a separate line, below the text "Hello".

11. It's a good idea to place all of your CSS styles into a separate file, external to the HTML page, because you can share the same styles across multiple HTML pages that way. * 1 point

Mark only one oval.

- ☐ True
- ☐ False

12. Which units of measurements are absolute (as opposed to relative)? * 1 point

Check all that apply.

- ☐ Pixels
- ☐ Points
- ☐ Ems
- ☐ Percentage
